Top 50' x 30' - raised 6 inches  
 + planted with Bermuda grass  
 nos 1-2-3 - Bunkers  
 depress as far as drainage  
 will permit - the finished  
 face to be not less than  
 4' deep - faces planted  
 with bunches of wire grass  
 No 4. Bunker - raise  
 the face 2' on edge  
 of green - + finished face  
 to be 3'-6" deep

all the green to be  
 planted with Bermuda  
 grass

Body of green raised 1'-at  
 A + 3'-at B with  
 an irregular outline.

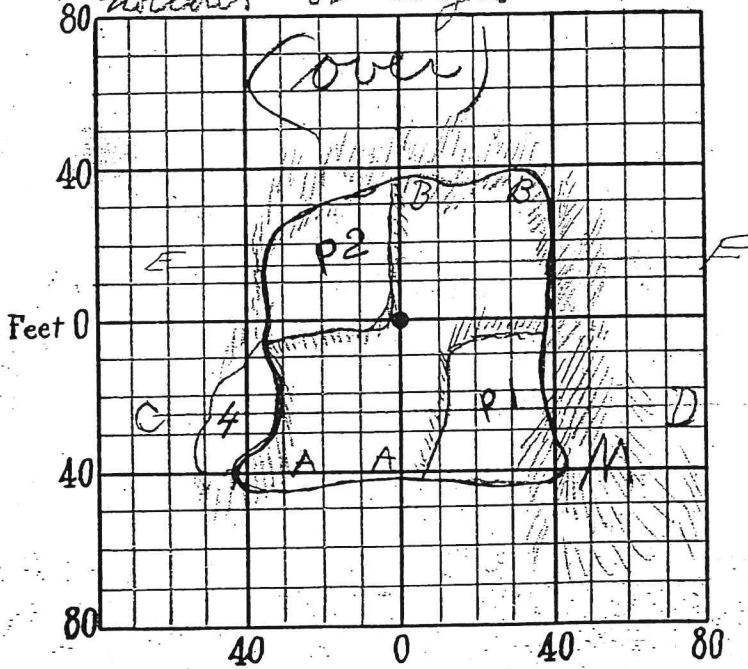

Platane No 1 to be  
 1'-above body of green

Platane No 2 to be  
 1'-6" above body of  
 green.

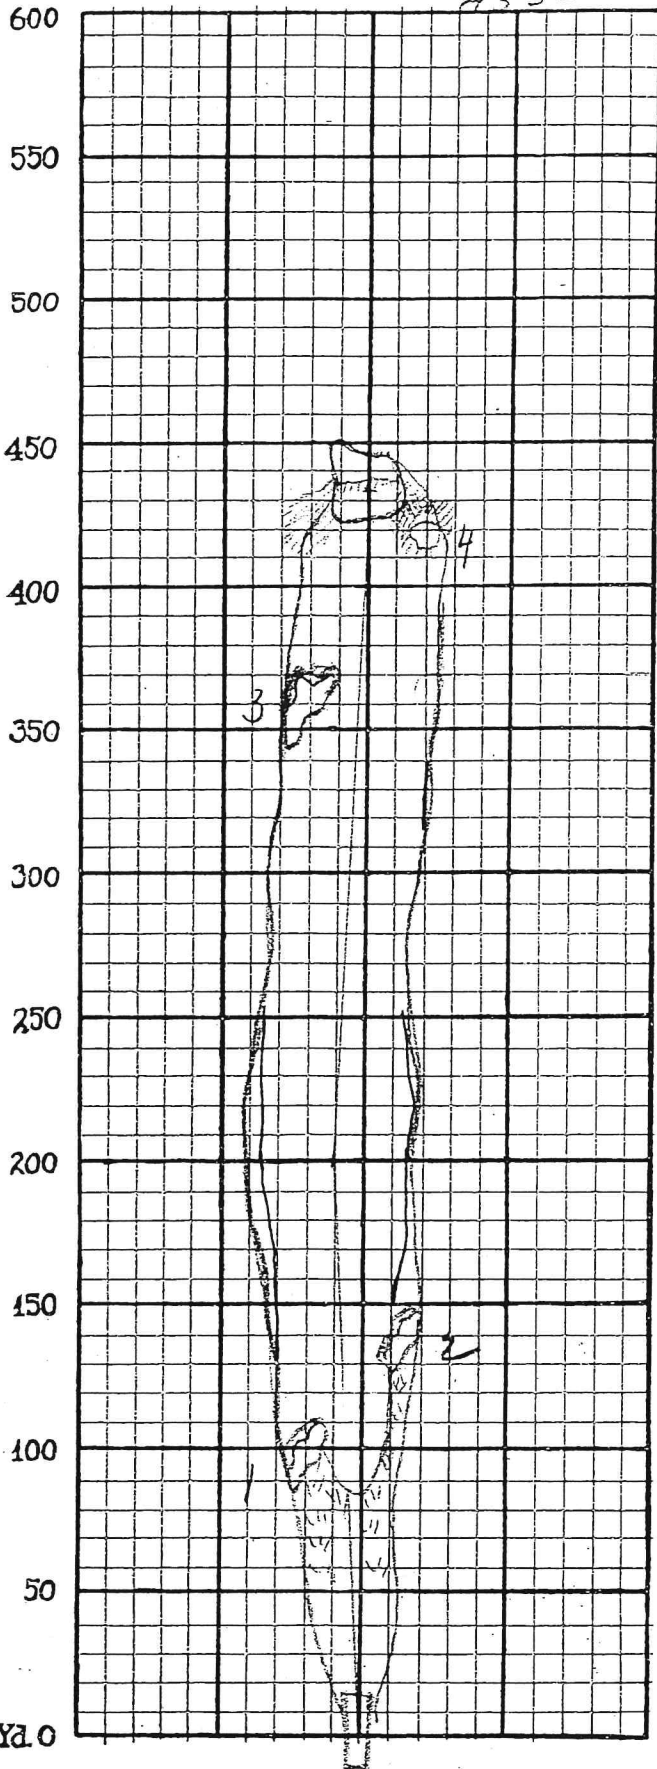

Plateaus should blend  
 into putting surface without  
 any sharp ridges.

M is a granular mound irregular  
 in outline & not less than 4' high  
 + 40' wide at the base - this mound

must blend into fair way or  
 putting green without any sharp  
 hollows or ridges.

Make cross sections  
 for greens -

Tee 80' x 20' raised  
6 inches & planted with  
Bermuda grass

no. 1-2-3 Bunches  
depress as far as  
drainage will permit  
but not over 2'-6"  
The finished face to  
be 4' deep - ~~the~~  
raised faces planted  
with wire grass  
bunches

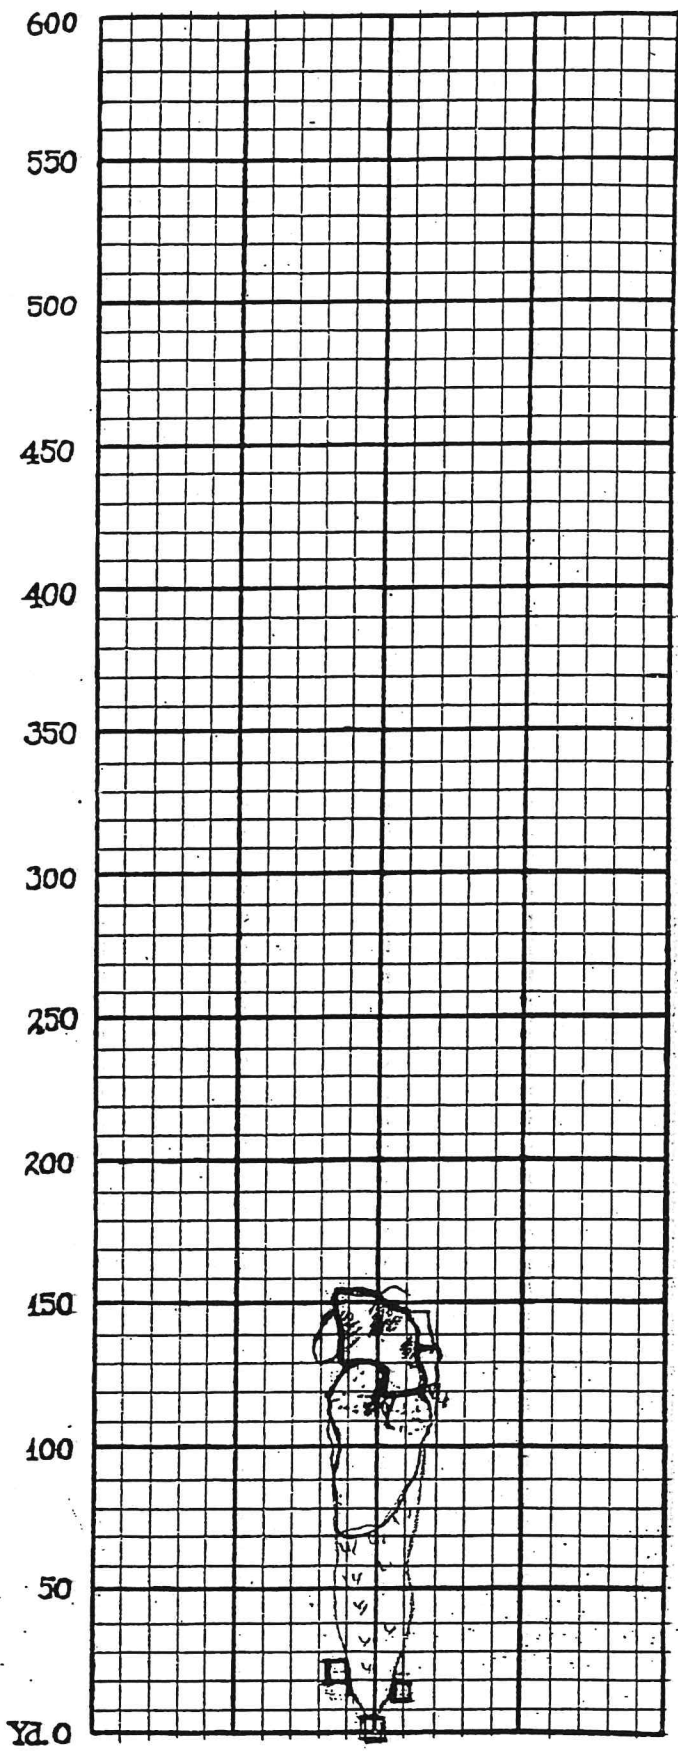

Body of green raised  
 1" at A. rising  
 on a 2% grade toward  
 the rear half  
 on rear half  
 a plateau - 1-6" high  
 above the body of  
 green -  
 the outline on  
 the rear should  
 be irregular - forming  
 a bold back ground  
 (see section)
